This structure is designed to encourage consistent effort and engagement within the UniqueForce Health Care community. While reaching your monthly target is crucial for bonus release, rest assured that no bonus amount will be 'flashed out' or lost even if the target isn't met in a particular month; it will simply be held until the target is fulfilled. This policy underscores our commitment to supporting your long-term success.

Level Limitation: The payout only continues down to the 8th generation/level under the club member.

Maximum Limit: Total bonus payout for each qualifying member is subject to a strict ceiling of Rs 25,000/-. If the cumulative bonus at any point reaches the cap of Rs 25,000, no further bonus is paid even if there are more members at lower levels.

Key Highlights

Passive Earning Model: Existing members benefit as new qualifiers join; rewards are automatically based on pool expansion.

Structured Growth Incentive: The bonus encourages current members to support club growth to maximize their returns.

Cap on Payouts: Ensures a fair, sustainable system while preventing excessive payouts beyond set business targets and limits.

This structure is designed to ensure maximum motivation and reward for expanding the club while maintaining a limit that supports business sustainability.
